A great way for your family or your group to explore the Peninsula and learn a more about our beautiful area is to take a bicycle tour of the Monterey Bay coastline. Riders will experience firsthand the historical Point Piños Lighthouse, Asilomar State Beach, 17 Mile Drive through Del Monte Forest, and scenic Bird and Seal Rocks. Specialized Hybrid bikes with 21 speeds will be used for the tour. Hybrid bikes are a combination of a mountain bike and a road bike. Guests are asked to dress in layers because the weather in March can change throughout the Del Monte Forest. The naturalist only goes as fast as the slowest rider, with the ride being mostly flat.
